## Minutes SVCC AGM Saturday 8th May on Teams

Attending: RV, PR, MaC, NC, SB, IC, MeC, CS, DH, JT, PC

|                         | Discussion and questions  | Impact/Actions |
|-------------------------|---|----------------|
| Welcome                 | MaC shared address (previously circulated by email)   | •              |
| Address by<br>Chair     |   |                |
| Apologies for           | DM, JS, JB, PS, CP, CH, DE  |                |
| absence                 | 31 ,, 13, 15, 15, 31 , 31   |                |
| Minutes of the          | Agreed (previously circulated by email)   |                |
| previous                |   |                |
| meeting and             |   |                |
| matters arising         |   |                |
| Secretary's report - CS | Secretary's report was shared (previously circulated by email)  |                |
| Treasurer's             | Treasurer's report was shared (previously circulated by email)  |                |
| Report – CP             | DH pointed out that annual website cost appears twice due to the fact that 1st Treasurer's report since October 2019 but cost is only about £170 per year |                |
| Rides                   | IC - Ride sheet has gone back to monthly and reintroduced mountain  | IC to put out  |
| Secretary's             | bike ride, which could be gravel bike ride or mountain bike ride;   | email to find  |
| Report                  | Members have raised questions about having more easy rides and  | out which      |
|                         | response has been: you are welcome to provide an easy ride and there  | time is best   |
|                         | are 2 spaces for each ride slot so one could be easy and one could be   | for Tuesday    |
|                         | medium or hard.   | rides          |
|                         | There has been a query about whether Tuesday ride start time could be   |                |
|                         | brought forward to I am rather than at I pm. Historically it has been   |                |
|                         | because of people working in the morning but feel this is no longer an issue.   |                |
|                         | PR – starting rides earlier on Tuesday would be a good idea as traffic a  |                |
|                         | problem at the end of a Tuesday ride at the moment due to rush hour.  |                |
|                         | DH suggested running a survey to find what people want.   |                |
|                         | MC reminded us that 2 different start times a Winter and Summer start   |                |
|                         | and that we need to ask membership about what they would prefer and   |                |
|                         | go by majority.   |                |
|                         | PR asked question about how we designate easy / medium / hard ride  |                |
|                         | RV said there is a possibility of splitting the ride  |                |
|                         | IC reminded us that the ride leader needs to keep to designation on the rides list  |                |
|                         | JT is going to introduce monthly easy rides following Ist committee meeting.  |                |
|                         | MaC thought we need to make it clear that if people go off the front,   |                |
|                         | the ride leader is not going to chase them  |                |
|                         | MeC shared his view that people are really very good in this club and   |                |
|                         | riders are never left behind. People moderate the pace depending on   |                |
|                         | who is riding.  |                |
| Welfare and             | JT said that last publicity events were Christmas Tree festival 2019 and  |                |
| Publicity Officer       | Carol Service 2019 and that it has been a very quiet period since then.   |                |
|                         | Welfare issues – none reported;   |                |
|                         | In role as COVID officer JT thanked everybody for their patience and  |                |
|                         | cooperation in this period and said it had worked really well; there had  |                |
|                         | been no moaning and groaning about all the changes. He would like to  |                |
|                         | say thank you to everyone.  |                |

|                 | M.C. al. L. LITC. HILL. I.  |                |
|-----------------|---|----------------|
|                 | MaC – thanked JT for all his hard work.                                   |                |
|                 | PR felt that the club had used common sense and taken a pragmatic         |                |
|                 | approach.   |                |
|                 | JT finished by saying that there had only been short spells when we       |                |
|                 | weren't able to do any club riding at all and that he was looking forward |                |
|                 | to May 17th when we can go and eat and drink inside.                      |                |
| Motions to be   | NC talked about motion to change the way we collect donations             | This will be   |
| Discussed       | towards the running of the club. At the moment the ride leader collects   | dealt with at  |
|                 | 20p pieces off riders and then gives them to CP as Treasurer at a later   | next           |
|                 | date. He explained how this system was inconvenient and outdated and      | committee      |
|                 | that we need to find a more efficient way to do it.                       | meeting.       |
|                 | MaC explained that the money is only a voluntary contribution and we      |                |
|                 | need to make sure that it is not a club subscription.                     |                |
|                 | <u> </u>  |                |
|                 | SB asked what the purpose of the collection is. He also suggested that    |                |
|                 | we need to think carefully how we communicate the change and we are       |                |
|                 | only likely to hear from people who are not happy with the system at      |                |
|                 | the moment.   |                |
|                 | JT asked whether we need to ask the club or whether the committee         |                |
|                 | could make a decision.  |                |
|                 | MC explained that the original was decision made at AGM. Discuss at       |                |
|                 | first committee meeting and put it to members via email.                  |                |
|                 | NC said that ride leaders should have more voice as they have to deal     |                |
|                 | with the money. We need to decide how much income we need and             |                |
|                 | look at Cycling UK rules to see what is allowed. A compromise would       |                |
|                 | be for the ride leader to collect money and then pay it straight into     |                |
|                 | bank account.   |                |
|                 | MaC explained that the group needs some cash input and felt that          |                |
|                 | riders would be happy to donate in some way as everyone benefits. CP      |                |
|                 | said about £294 per year is collected in a normal year with 20p           |                |
|                 | donation.   |                |
|                 |   |                |
|                 | PR said that we should put the various options out to members for a       |                |
|                 | vote.   |                |
|                 | PC admitted that it is too much hassle to collect money and he just       |                |
|                 | pays it in himself. Also hardly anyone carries real money with them       |                |
|                 | anymore.  |                |
|                 | MaC thought that it was not fair that ride leaders take money out of      |                |
|                 | their own pocket.   |                |
|                 | MaC suggested a vote on what we do for now.                               |                |
|                 | JT proposed that we stop collecting until we find a better solution,      |                |
|                 | seconded by RV and carried unanimously.                                   |                |
|                 | PR said that, especially in these COVID times, it can be good to pop      |                |
|                 | round and see people from the club and dropping off money can be a        |                |
|                 | good way to do this.  |                |
| Election of     | CS explained that DM has stepped down from committee and from role        | Discussion of  |
| Officers 2021 - | as Social Secretary.  | roles of       |
| 2022            | DH proposed committee and JT seconded.                                    | committee at   |
|                 | PS voted for committee by email.  | next           |
|                 | ·   | committee      |
|                 | Committee was duly elected by those at the meeting.                       |                |
|                 | At present: MaC – Chair, CS – Secretary, JT – Welfare and Publicity, IC   | meeting        |
| 400             | - Rides Secretary, CP - Treasurer, SB and PR - committee members.         |                |
| AOB             | PR said that it would be good to pop in and see RG and NJ and others      | MC to send     |
|                 | who have not been able to come on rides.                                  | Shane regards  |
|                 | Shane from Cytek had accident on bike and fractured scapula.              | and hope for a |
|                 | Ideas from GC about how we can promote Club:                              |                |
|                 |   |                |

|                | Post info on two Facebook groups:     What's On Stroud, Nailsworth and Local Area               | speedy<br>recovery. |
|----------------|---|---------------------|
|                | - Love Stroud - What's On  2. Have info included in local magazine/website called Good On Paper | recovery.           |
|                | New riders – need to be made aware of Riders' etiquette which is on website.                    |                     |
| Meeting closed | 17:58 without Tea and Cakes   |                     |
