

Stroud Valleys Cycling Club Kit

As we are getting short of stock I am planning to put together an order for club kit. So now is the time to organise your cycling wardrobe and Christmas presents your loved ones might like to buy you! We are unlikely to order again for a while, so please think about both winter and summer kit. The kit is made by KALAS, who also make the British Cycling kit.

The club keeps a stock of standard short and long sleeved jerseys (both men's and women's cut), plus a few other items. However it is nice to have some of this available for future requirements, not people who have forgotten to order on time. We have some items in stock at lower previous prices.

Our standard range of kit includes -

Short sleeved full zip jerseys £48

Long sleeved winter jerseys £63

Shorts £51

Bib-shorts £55

Summer caps £15-50

Gilets £69

Light weight jackets £80

Water resistant jackets £111/£131 (removable sleeves)

Kalas do several different ranges of kit and other items not on the above list. More advanced, technical kit is available, but obviously costs more!

All kit seems to last and wash well and members seem very pleased with the things that they have (some of our kit must be over 10 years old).

If you want to order, try on kit for size, or ask any questions then please contact Nicki Jones, Text/phone: 07483 861 613, email: nicolajones325@btinternet.com

Kit needs to be paid for when ordered. This can be directly into the SVCC account, cheque or cash.

Order deadline: Monday 6 December 2021
